Thanks for setting up the various meetings for WRAP, Trench 31/34 and 222-S. I'd like to go ahead with these meetings, but I was hoping to have materials associated with each to look at before hand in order to make the best use of everyone's time. I will be working tomorrow, so if I can get materials yet this afternoon or early tomorrow, I'll still have at least some chance to get started.

Thanks!

Dave
